

Dear Parents and carers

14 February 2022

We had a brilliant week last week in nursery with have been focussing on worms!! We have drawn, painted, measured, compared, found and also played with them to name a few of the activities. The children have been fascinated by worms and we're confident they will want to continue their curiosities further for a bit longer.

## Worms

### Rag bin

Thank you to everyone that helped fill our textile bin over the last month. We received a cheque for just under £45 last week. It doesn't sound like a lot but £45 makes a difference to us. We can buy a bundle of books to support our Hygge Accreditation or pay for the minibus to take the children on a trip- so thank you everyone. Please feel free to pop any old clothing in there if you're having a clear out- it all helps.

### Half term

Next week is half term in nursery, so our term time funded children are not due in at all that week. If you have any questions about the funding or unsure if your child is due in or not, then please just ask in nursery. Funding can be confusing as everyone has different attendance patterns that work for them.

## **Community Fridge**

We are so hopeful to get our Community Fridge back up and running in nursery. We have really missed that connection with the Foodshare project over the last couple of months. We hope to get it topped up this week, so keep your eye out on Facebook for what we have in. It's free for anyone to use, its purpose is to help those that may need it and also to stop food going to waste- so two very good reasons for us to be involved. Money donations are always welcome as they can be given to the Foodshare so they can develop the fantastic work they do.
