

Dear Parents and carers

9 November 2020

We had a busy week in nursery last week with lots going on. The staff have been offering the children some amazing learning activities and setting up some great play provocations, which encourage children to explore and learn at the same time. It has to be said that, throughout the whole Covid-19 pandemic the children and staff have been unphased by the changes that have come into place. It's obviously fantastic to see everything running as 'normal' and I personally cannot commend the staff enough for the dedication, enthusiasm and positivity at these times. Well done team for keeping things as normal and as fun as possible, you really are all amazing.

Music minors

As you know we love our Music Minor sessions, so we were extremely sad that we had to cancel Rachel coming into the setting to deliver her fantastic lessons from last week. At present we are working on a means of Rachel either delivering the lessons live via the internet or giving us access to some downloadable material which we can watch on the big screen in nursery. Thankfully, we have just purchased lots of instruments for the nursery- so we can use these to fully partake in the sessions. We know it's not the same but we can't be without our weekly Music Minors fix and we're sure the children will love it.

Remembrance Day

Normally we would take a group of children down to Madeley Memorial service at the Anstice on Remembrance Day, but obviously this will not be the case this year. However, the children have still be learning about the significance of this day and why we wear Poppies. They loved making their poppy displays for nursery- they really do brighten the place up.

Covid-19 update

Hopefully, everyone will have received an emailed letter last week explaining the temporary changes we had to make following a positive case within the nursery. If you didn't then please make sure we have an up to date email address so correspondence reaches you in good time. We apologise for any inconveniences caused but at the same time we hope you appreciate that the safety measures were put into place both promptly and effectively. We are in this together and although we feel it's going to be a bit bumpy over the Winter months, we will do all we can to keep the nursery open and running as smoothly as possible. Any questions or concerns then please email the nursery halesfield@telfordnurseries.org

Community Fridge

We are just about managing to keep the Community fridge stocked up. Last week it was yoghurts, Pakoras and cooking butter this week we have mangos, yoghurts and bananas. Remember to keep popping in and checking. We don't want any of the food to go to waste and want to continue to support the Food Share project- who actually need our donations more than ever at the moment.

Diary Dates and information
